#### Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	It has always been our constant endeavor that courses in each programme are covered in time effectively. Since the academic year 2020-21 was affected by COVID-19 pandemic and offline classes were disrupted due to lockdown and closure of the college. The college took number of initiatives to make the online teaching and learning effective and inclusive. During the initial months when the faculty used to take online classes from the campus, faculty were required to take classes from the classroom itself. The faculty was given training to use smart boards effectively. The faculty taught the classes as per the timetable on online various platforms. To increase the internet speed so that whole campus is wi-fi friendly, the college enhance the Internet bandwidth. Besides Faculty development programmes (FDPs) were organized to equip the faculty with new digital skills so that teaching and learning is participative and effective. All the students were asked to generate their email and WhatsApp groups to carry out the evaluation process, the class test, the faculty were trained on creating and using Google Forms. The faculty recorded their lectures and uploaded on college LMS which student can login anytime. Besides, the smart boards in the classrooms also recorded the lectures which student can retrieve in their free lectures. The HoDs of respective department use to take feedback every week on the syllabus covered from the concerned teacher and student. If it was found that the course is not being covered in time then the faculty was asked to conduct online classes after the usual college hours or on holidays. The assignments were also given both in subjective and objective forms to know the learning levels of the students.
